## CORE PERFORMANCE AREAS

**Operational Leadership & Personnel Management** Directly oversees the daily performance and management of the facility's department heads. This role carries the responsibility of supervising **six (6) direct reports** and their subordinate teams. Key duties include the recruitment, professional development, and performance evaluation of the leadership team, ensuring that all personnel actions align with facility protocols and high-performance standards.

**Clinical & Interdisciplinary Oversight** Directs the facility's Interdisciplinary Team (IDT) to ensure a cohesive approach to resident care. This involves coordinating efforts across Nursing, Rehabilitation, Dietary, and Social Services to achieve optimal resident outcomes. The ANHA is responsible for facilitating effective communication between departments to streamline care delivery and facility transitions.

**Administrative & Fiscal Control** Actively manages facility resources, including budget participation and labor management. Ensures that all facility operations remain in strict compliance with CMS and CDPHE guidelines. The ANHA is responsible for the implementation of administrative policies that safeguard the facility's financial and regulatory standing.

**Quality Management & Performance Improvement** Directs the facility's Quality Assurance and Performance Improvement (QAPI) program. This includes analyzing quality data,

identifying areas for operational enhancement, and collaborating with stakeholders to implement sustainable improvements across the care setting.

**Regulatory Representation** Serves as an authorized administrative representative during state and federal surveys and audits. Responsible for maintaining a state of continuous survey readiness and managing the facility's response to regulatory inspections and compliance inquiries.
